23

328

The figure consists of two separate line graphs. Both graphs have 'Rate of reaction' on the vertical y-axis and 'Temperature' on the horizontal x-axis. The left graph shows a curve that starts at a low rate at low temperatures and rises very steeply as temperature increases, indicating a high activation energy. The right graph shows a similar curve, but it rises much more gradually with temperature, indicating a lower activation energy.

1. 1990年12月15日，在北京市召开的“中国环境与发展”高层论坛上，江泽民总书记发表了重要讲话，指出：“中国环境与发展问题，是一个关系到中华民族生存和发展的重大问题。我们决不能走一些发达国家走过的老路，决不能走先污染后治理的老路。我们必须在经济发展的同时，把环境保护放在突出的位置，实行可持续发展战略。”

1. The first part of the document is a list of names and addresses, which appears to be a directory or a list of contacts. The names are written in a cursive script, and the addresses are listed below them. The list includes names such as "J. H. Smith", "W. J. Jones", and "A. B. Brown", among others.

104

54881 1 1

1. The first part of the document is a list of names and dates, which appears to be a record of some kind. The names are written in a cursive script, and the dates are in a more formal, printed style. The list is organized into two columns, with names on the left and dates on the right.

2. The second part of the document is a series of handwritten notes or entries. These are written in a cursive script and are organized into a list format. The notes appear to be related to the names and dates in the first part, possibly providing additional information or details about each entry.

3. The third part of the document is a series of handwritten notes or entries, similar to the second part. These are also written in a cursive script and are organized into a list format. The notes appear to be related to the names and dates in the first part, possibly providing additional information or details about each entry.
